

ANY OTHER REMARKS

- It was a very precious experience. We as parents also had a lot of fun with our exchange student here in Germany. I can just recommend this programme.
- The project was all in all a great success and the organization was excellent.
- grate opportunity, grate job.
- Thank you, keep going.
- We say thank you to the Erasmus+ team who carried out this project with dedication and a lot of additional work. We are very happy that our daughter had the chance to participate and to make all these precious experiences. We hope, that these kinds of projects will be continued in the future.
- The teachers were very engaged in the project and did a lot of effort to realize it. We would wish something similar to be organized in the future.
- Living in a foreign family, visiting another country's schools and industries was an unforgettable experience for my son and helped him "open" his mind. I am looking forward both my kids to take part in such projects.
- It was a really good project for the children, for their future and health.
- I think that project was good because my child could make new friends and could communicate with other people from other countries.
- I want to take part in another Erasmus+ project because I like that my child do something different and to learn something new and that is the perfect opportunities.
- Everything was perfect.
- Excellent job!
- It has been an unforgettable travel. Now my daughter wants to come back to the host country and they are for ever friends.
- Thank you very much to the teachers, and we hope there are more Erasmus projects in the school, as they are very good for students
- We are very happy with the experience and we want to express our gratitude to the teachers
- It's has been a personal and familiar enrichment
- It was a great experience. I have the feeling that it will be one of his strongest memories. I strongly suggest the program to other parents and I would like to congratulate the Greek teachers for such a great organisation.
